What did you like most about your own camp experience? What did you like least?

Describe what you admired most about your counselors.

Do you have any experience working/volunteering with children? If so, what were their ages? Describe your experience.

A CIT is a role model for other campers. What qualities do you think are most important for a CIT to possess?

One challenge of being a CIT is being a leader and setting an example for other campers (some that are very close to your age). Do you feel that you are ready for that challenge and why?
